PROFESSIONAL SUMMARY:

Experienced professional seeking a challenging opportunity in an esteemed organization that values continuous individual development. Strong communication and convening abilities, proactive and goal-oriented with excellent time management and problem-solving skills. Recognized for reliability and adaptability, possesses a swift capacity to learn and apply new skills. Committed to leveraging these qualities to drive team success and contribute to organizational growth.

EDUCATION:

Bachelor of Technology in (ECE), Brilliant Engineering College (JNTUH) | GPA: 7.2 **July-2023**

Intermediate (MPC), Shree Venkateshwara Jr. College (BIE) | GPA: 9.29 **July-2019**

SSC, Unique Grammar High | GPA: 9.0 **March-2017**

SKILLS:

- **Engineering:** UI/backend integration, debugging, Git/GitHub, testing, SDLC, technical documentation
- **Technical Skills:** Python, Qt (C++), Flutter, SQL fundamentals
- **Agentic AI Development:** Claude Code, OpenAI Codex, Antigravity, Cursor, Kiro, prompt and context engineering, human-in-the-loop workflows
- **Professional:** Problem solving, communication, collaboration, adaptability, attention to detail, time management
- **Operating systems:** Windows, Linux., MacOS

PROFESSIONAL EXPERIENCE:

(I) Contract Engineer — DRDL, Hyderabad **Sep 2024 - Present**

Hyderabad, India

- Migrated legacy XML-based user interfaces into reusable QML components and integrated them with an existing C++ backend using the Qt Framework.
- Enhanced layouts, component structure, and front-end integration to improve usability, consistency, maintainability, and performance of internal engineering applications.
- Processed and cleaned CSV/bus-monitoring datasets; created graphs and parameter plots for engineering analysis and post-flight review.
- Supported anomaly observation, troubleshooting, and technical report preparation for missile-related data-analysis activities.

(II) CS CAP Associate — Amazon, Hyderabad **June 2024 - Sep 2024**

Hyderabad, India

- Investigated complex fraud and risk cases, evaluated evidence, and made timely decisions within defined operating procedures and service-quality expectations.
- Documented findings, escalated high-risk cases, and maintained accuracy and attention to detail across high-volume operational workflows.

Intern — DRDL, Hyderabad **May 2022 - Jun 2022**

Hyderabad, India

- Designed and developed a Python/Tkinter GUI for post-flight analysis that processed CSV-based bus-monitoring data and enabled parameter plotting for engineering review.
