- **Technical Skills:** Python, Qt (C++), Flutter, HTML5, MS Excel, MS Word
- **Operating systems:** Windows, Linux., MacOS
- Team work and Collaboration
- Time Management
- Problem Solving Skills
- Attention to Detail

EXPERIENCE:

(iii) Contract Engineer — DRDL, Hyderabad September 2024 – Present

Role: In this role, I Worked on UI migration, layout enhancement, component structuring, and front-end integration for internal software applications. Converted legacy XML-based user interfaces into modern QML-based interfaces using the Qt Framework. Integrated QML front-end components with the existing C++ backend to improve usability, performance, and maintainability. Processed, cleaned, and visualized bus-monitoring data using graphs and plots for engineering analysis. Assisted in missile-related data analysis, anomaly observation, and technical report preparation.

(ii) CS CAP Associate, Amazon | Hyderabad August 2023 - September 2024

Role: In this role, I focus on identifying and preventing fraudulent activities, ensuring a safe and trustworthy platform for our customers. This position has sharpened my critical thinking and problem- solving skills, as I frequently deal with complex cases that require a keen eye for detail and swift decision-making.

(i) Intern, DRDL | Hyderabad May 2022 - June 2022

Role at the Internship: Designed and Development of a GUI-based application for post-flight analysis under the guidance of Mrs. S. Ramya, Scientist 'F' and Waseem Shafi and, DRDL. The application processed CSV based bus monitoring data and enabled parameter plotting for analysis.

Technologies used: Python, Tkinter
